

PRESIDENT TAFT LEAVES ON TRIP

Starts from Boston This Afternoon on 13,000-Mile Trip.

TODAY HIS 54TH BIRTHDAY

Executive Will Visit Much Same Territory He Did Two Years Ago, and Will Talk Tariff, as Then.

Beverly, Mass., Sept. 15.—This afternoon President Taft starts on his 13,000-mile trip from Boston. It is also the second anniversary of the start of the first 13,000-mile trip which Mr. Taft made around the big circle. The territory to be covered is generally the same, though in this trip the south has been eliminated. Then, as now, the tariff was the all important issue before the country.

Then the Payne-Aldrich law had just been placed upon the statute books. Insurgency in the middle west was rampant. Mr. Taft defended the Payne law on his last trip as the best tariff law which had ever been enacted. His Winona speech, in which the endorsement of the Payne law was given, was from a political standpoint, the climax of the first trip. Mr. Taft lost favor in the west because of it.

Now Mr. Taft is going before the same sections of the country on the same issue. He said that he intends to make this trip non-political as far as possible. He has arranged his schedule of speeches with this idea in mind. But he will discuss the tariff in two of his set speeches and in many of the other less important ones, and the importance of those issues will thrust it to the fore as the pivotal issue of this trip, as it was of the last one. On this trip his tariff talks will be offensive rather than defensive, as on the last trip.

He will explain his vetoes of the tariff bills of the last session in one speech, but his defense will not go beyond that. On the other hand he has a hard program of aggressive tariff discussion before him to gain support for his tariff board plan for a scientific revision of the tariff. It will mean six weeks of tireless apprehension for the politicians of the country as they follow each stage of Mr. Taft's trip and sum up the warmth of his reception across the continent.

Mr. Taft leaves Beverly in tip-top physical condition.

The Taft special is to be a little more sumptuous this trip than last. There will be five cars in all, the presidential car, two compartment cars for members of the party, a dining car and a baggage car. Mr. Taft motored into Boston to take the train there. Mrs. Taft, Miss Helen Taft and Charlie went with him to Boston.

DROWNS IN VINEGAR JAR

Child Escapes Watchful Eye of Mother and is Found Dead.

Peoria, Ill., Sept. 15.—The two-year-old daughter of Edward Moore, a farmer living near Allentown, Ill., fell head first into a ren-gallon jar of vinegar and was drowned before help arrived. The baby ran from where her mother was working and a few minutes later was found dead.

Edward Moore, the father of the dead baby, is a son of W. A. Moore, formerly state senator and one of the wealthiest men in the state.

Mrs. STEKETEE BELIEVES REPORT OF HUSBAND'S DISAPPEARANCE FALSE

Ann Arbor, Sept. 15.—Mrs. A. R. Steketee, of this city, whose husband is reported as having disappeared from Los Angeles, is of the opinion that a mistake has been made, and that it is another man of the same name who is lost and whom the Los Angeles police have been asked to find.

She wired there Wednesday afternoon asking for the latest information, but has as yet had no reply. She is not greatly worried, as she has recently heard from her husband and at that time was well and happy.

"I expect him back here October 15," she said last night. "I wonder how such a report could have started? I am sure there is nothing wrong, or we would have heard from some of his friends."

MAC VEAGH AS AN OPTIMIST

Treasury Chief Says Country is Pausing to Take Breath.

Boston, Sept. 15.—Optimistic views on the business situation were expressed by Secretary of the Treasury MacVeagh who was in this city after visiting President Taft at Beverly. "Regarding the general business situation," said Secretary MacVeagh, "I am not a pessimist. The country is simply pausing to take breath. After its headlong flight of 1906 and 1909 a setback was inevitable and will be of immense good."

"The banking situation, from the reports that I hear, is sound enough and the national treasury is on 'easy street.'"

LUMBERMEN TO INVESTIGATE R. R. FREIGHT CHARGES

Grand Rapids, Mich., Sept. 15.—E. L. Ewing, traffic manager of the Grand Rapids Lumbermen's association, has filed a petition with the interstate commerce commission asking that the commission investigate the weighing of cars by railroads. Forty lumber organizations in different sections of the country are pledged to cooperate in the case, which relates to alleged overcharges by railroads on shipments.

This action will become national in its scope. The matter having been considered by the National Lumbermen's association, Ewing was delegated to investigate the weighing of lumber by the railroads.

Ewing states he had representatives investigate track scales in Michigan. They found that on an average there was 1,142 pounds per car against the shipper, items of weight not applicable to the shipper not being omitted, such as racks in cars and dirt and gravel left in when cars were loaded with lumber.

Ewing says Michigan lumber shippers have lost hundreds of thousands of dollars through overcharges in weighing. He declares that of 62 cars, the average overcharge was 827 pounds per car; of 81 cars the average overcharge was 1,291 pounds per car and of 700 cars the average was 1,400 pounds per car, these being some of the examples.

RETURNS FROM PANAMA

W. W. WEDEMAYER HAS OPPORTUNITY TO STUDY CANAL UNDERTAKING.

Ann Arbor, Sept. 15.—Congressman W. W. Wedemeyer who has been spending the past few months at Panama studying the conditions at the isthmus, returned to this city Friday. His trip west from New York was interrupted by stops at Columbus and Marian, Ohio, where he addressed the convention of the Northwestern Ohio Medical Association Wednesday night.

While at Panama Mr. Wedemeyer was the guest of the canal authorities and had every opportunity to study the conditions there. During his visit there he addressed the convention of Panama postal clerks at Taboga Island in company with Governor Thatcher and Chief Justice Gudgeon.

Mr. Wedemeyer will probably spend the greater part of the time till the regular session in December at his home in Ann Arbor.

SUES FOR BREACH OF PROMISE, GETS HUSBAND

A York township breach of promise suit ended rather remarkably in court this week. Mrs. Hattie Davis and Edwin Van Volkenburg, both of York township, were the parties concerned. Mrs. Davis, who was divorced from her husband sometime ago, began suit Monday morning against Mr. Van Volkenburg for breach of promise, alleging that he had asked her to marry him last March a year ago. The damage to her feelings was to be placed at about \$10,000. Deputy Sheriff Gannett served the capias for Mr. VanVolkenburg's arrest and brought him to Ann Arbor. He was permitted to have a brief interview with Mrs. Davis. When the interview was thought to have terminated, Mrs. Davis appeared at the door with Mr. VanVolkenburg and informed the interested lawyers that she guessed there would be "nothing more doing."

"We're going out to get married now," she said, and they departed.

MACKAY HAS INTERESTING EXPERIENCE

It was reported in the Detroit papers of last Tuesday that Captain Geo. Mackay, of the Signal Corps Company was slightly injured by the fall of his aeroplane at the Moissant Aviation School, Garden City, Long Island, where he has been detailed by the State Military Department for the study of aerial reconnaissance.

An extract from a letter received today which follows, indicates that the accident was of little moment.

"I broke the darn machine Monday a. m. I had been promoted till I was on the third one, No. 13, that Johnstone had in Detroit. It is a light bird and speedy. The first time he told me to stay on the ground, which I did so well that he told me to go up; also, I did that. I went sailing across the field with a motion not unlike a huge wave, and a small gust struck me and I tried to beat the altitude record, came down though, and made a fair landing. In going back I made a good flight on an even keel, but landed through a wire fence, and broke the propeller and a few braces, about a hundred dollars worth. I didn't see the fence, for I did not know it was there, and was watching a board fence one hundred yards beyond. I landed in plenty of time to stay away from the board fence, but not the wire one. I went plumb through the old thing and she tried to throw me by doing a somersault, but I stayed with the old bird. Also hit my head on a brace but did not break the brace. The instructor complimented my flight except for my finish. I did not have time to get nervous, nor to enjoy the feeling, but knew after I got down that it was great. I can hardly wait now till I can tame the broncho."

EX-OFFICIAL ENDS HIS LIFE

B. F. Harper Suicide After Getting Ready to Move to Chicago.

Fort Wayne, Ind., Sept. 15.—Just as he and his wife were ready to depart for Chicago to make their home there, Benjamin F. Harper, for many years treasury auditor for the war department, committed suicide here by shooting. His health is given as the cause.

Harper resigned his position with the war department last April, and, after practicing law here, decided to remove to Chicago. The household goods were packed, and just before starting to the railroad station Harper went to the barn and shot himself. Mrs. Harper found the body when she became worried over his long absence. Harper, who was forty-five years old, was appointed to the war department post in 1905.

NEW GLASS FOR THE COURT HOUSE CLOCK COMES HIGH

Ann Arbor, Sept. 15.—The new dial for the court house clock which was broken by the windstorm on Monday evening will cost about \$90. A gust about 9:20 caved in the west dial. The glass, which is about half an inch thick, all fell inside the tower, but as the clock works are located lower there was no further damage. The big glass had been cracked like the other three dials by the swaying of the tower, and a sudden gust sufficed to put it out of commission. A new dial has been ordered by County Clerk Miller.

The hardest blow during the storm averaged during a four minute period at the observatory occurred between 9:20 and 9:25, when the wind attained a velocity of 38 miles an hour. A wind blowing 40 miles an hour would exert a push on the clock dial equal to the weight of about two 150-pound men.

QUEEN THWARTS SOCIALISTS

Wilhelmina Will Not Open the Dutch States-General in Person.

The Hague, Holland, Sept. 15.—Queen Wilhelmina has abandoned her intention to open the states-general Sept. 19 in person in consequence of the determination of the Socialists to make a monster demonstration for universal suffrage in the streets simultaneously with the passage of the royal procession.

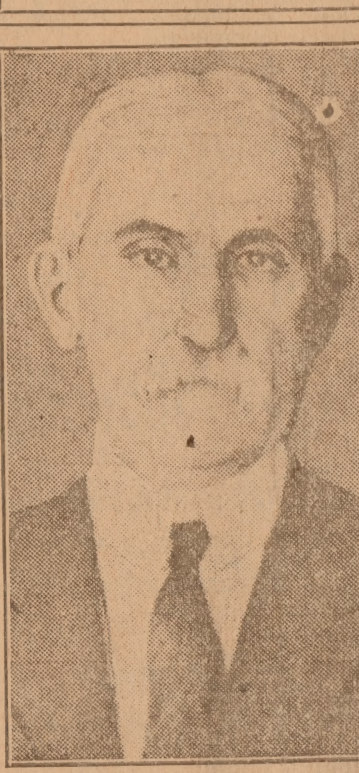

Elected to Parliament by Acclamation, Ottawa, Ont., Sept. 15.—The first member of the twelfth parliament of Canada is elected. He is W. M. German, who was elected by acclamation to succeed himself as member of parliament for the constituency of Welling.

HEDGING IN PASS GIVING

Interstate Commerce Commission Makes Stringent Regulation.

Washington, Sept. 15.—The interstate commerce commission has issued for the first time regulations to govern the issuing and recording of passes by interstate carriers. The interstate commerce act prohibits the issuing of free transportation to any persons except employees of railroads, and these dependent upon them, at terminals and certain other persons employed in connection with railroad work.

In the regulations issued now the commission prescribes the form for annual or term passes, trip passes, telegraph passes and others, as well as the form on which conductors must report passes accepted by them.

CRUISER MAY GO TO AVENGE D'COU'S DEATH

According to a report from Ann Arbor, a letter has been received there from Washington, D. C., by a friend of Prof. Herbert F. DeCou saying that the navy department has arranged to send the scout cruiser Chester to Derna on the African coast, and take such measures as may be deemed advisable to accomplish its dual purpose of enforcing justice for the murder of Professor De Cou, once an instructor in Latin at the U. of M., and for many years a resident of Detroit, where his aged mother now lives, and for protecting the members of the Archaeological Institute of America, who are excavating near where De Cou, one of the party, met his death last March.

Commander Benton Declair is in command of the Chester, and the task assigned him is recognized as very delicate, as serious trouble and disorder among the tribesmen might be brought about if the presence of the African warship or the action of its officers had a bad instead of a salutary effect. In this case, the Americans on land would be in the greatest danger. De Cou was shot by tribesmen, and it is thought are mistaken for Prof. Richard Norton, director of the American expedition. The tribesmen who did the shooting are known to the authorities, but have not yet been punished, as it is feared their punishment would precipitate further trouble and endanger American and foreigners generally. It is hoped that the sight of an American warship may so impress the fanatics with the power of the United States to punish those who harm her citizens that the assassins of Prof. De Cou can be speedily dealt with.

NOTICE TO HUNTERS.

TRAGEDY ENDS A LOVE AFFAIR

Man Shoots Girl in Bakery in Kenton, Ohio.

KILLS HIMSELF AFTER PURSUIT

Both Parties Were Children of Wealthy Farmers, and Young Woman Had Tried to Rid Herself of Lover.

Toledo, O., Sept. 15.—Cornered by an armed posse of 100 farmers, pursuing him as the murderer of Della Halsey, aged twenty-two, Jasper Newman shot and killed himself by firing a bullet through his brain at his father's barn, five miles from Kenton, O., the scene of the tragedy.

The suicide followed the murder by five hours and was the culmination of an unhappy love affair which began when Newman, twenty-five, went to work for George Halsey, father of the girl, who was twenty-two.

Both Newman and Miss Halsey were the children of wealthy farmers. At first from the very beginning, their courtship was marred by disagreements. Newman was regarded as a model young man. Miss Halsey was a general favorite.

After several months had passed, Miss Halsey asked Newman to cease his attentions and she came to Kenton, taking a place as a clerk in Watt's bakery in the hope of forgetting her love affair. Newman refused to let her alone. Getting a job at the T. & O. C. shops at Kenton he renewed his attentions.

He entered the bakery in the evening and tried to converse with the girl. As a customer was using the telephone in the front of the store, Newman induced Miss Halsey to walk with him into a rear room. From there he dragged her out a rear door. Two women who were passing thought the couple were scuffling for fun.

As soon as they were out of sight Newman seized her by the throat with his left hand. With his right he pressed a revolver against her breast and fired three shots into her heart. Newman then fled before any one appeared on the scene.

RUSSIAN PREMIER SHOT; MAY RECOVER

TWO BULLETS FIRED INTO HIS BODY BY WOULD-BE ASSASSIN--NEAR RIOT FOLLOWS--ASSAILANT IS RESCUED BY POLICE

Kiev, Russia, Sept. 15.—Premier Peter Alexandrovitch Stolypin was twice shot by a would-be assassin during a gala performance at the opera house last night. Czar Nicholas was in the audience and at first it was feared that his life had been attempted.

Stolypin's wound was first regarded as mortal, but physicians who attended him through the night were hopeful this morning that he would recover. They decided not to operate. The man who fired the shots is a lawyer named Bogrof. He was sitting directly behind the premier and both bullets took effect.

Wild excitement followed the firing. With the first shot the czar dropped out of sight and as a score of secret agents rushed to his box with drawn revolvers the cry went up that the emperor had been killed. In the immediate vicinity of the premier, however, it was seen at once who the victim had been. While those nearest him supported him, attempted to aid him and called for physicians, others seized Bogrof. He was nearly torn to pieces by the mob before rescued by the police.

The czar was hurried out of the theatre by a private way and into a carriage, which was driven rapidly to the palace. The audience was finally quieted and before dispersing sang the national anthem.

The premier was removed to the palace. The bullets wounded the pleura and grazed the liver.

As a premier of Russia, Mr. Stolypin is the man who blocked the Russian outbreaks, which threatened to effect a revolution and which came to a head during the term of office of Count Witte. His conduct of his office was attended with drastic and repressive measures that earned him the hatred of the progressive classes and led to repeated attempts upon his life by the revolutionists.

The rapid retaliatory steps which he took among the terrorists won him the detestation of the advanced parties but the support of the existing order and made him the real autocrat of Russia, with power exceeding that of the czar himself.

"Stolypin's necktie" became the synonym for the hangman's noose throughout Russia. Trials and persecutions proceeded with great rapidity under his direction and the advent of a more radical form of government was checked. He quarreled frequently with the duma and was victorious in his disputes with that body, owing to the confidence of the czar, which he enjoyed. When Mr. Stolypin accepted the premiership he was perfectly conscious of his danger. He said at the time:

"I have no doubt that attempts will be made upon my life, but I hope that order will be restored and stability established in Russia before they are successful."

JURORS GO TO SCENE OF SHOOTING, MOB AWAITS VERDICT

Pontiac, Sept. 15.—Jurors in the trial of Harry Bushnell were taken to the scene of the shooting of William Tate, of Detroit, at Cass lake on the afternoon of Sunday, May 28, and were allowed to thoroughly inspect the grounds and the bullet-marked trees. They were taken to the lake in a motor car accompanied by Prosecutor Pelton and Attorney G. C. Gillespie, of the defense, and two court officers. Immediately upon their return the defense rested its case and the prosecution announced there would be no rebuttal. Each side was given an hour and a half for arguments and two of the four attorneys spoke before court adjourned yesterday afternoon. The remainder of the arguments were finished this morning.

When the jury returned from the lake there was a big mob waiting to get into the court room.

Thirty Candidates In the Field For the Mayoralty of Pittsburg.

Photo of Barchfeld by American Press Association.

A remarkable campaign is being waged in Pittsburg. Under a so called "ripper" bill passed somewhat secretly at the last session of the Pennsylvania state legislature the term of Mayor William A. Magee of Pittsburg was shortened by eighteen months. The election is to be held in November, and there are thirty candidates in the field. The Republican machine has agreed on Congressman A. J. Barchfeld, who is the biggest man in the house in physical size. The progressives are backing former Mayor George W. Guthrie. It is quite certain that the candidate successful at the polls will take his seat, as Mayor Magee will fight to retain his office and threatens to take the interpretation of the "ripper" bill to the highest courts for decision.

YPSI SCOUTS PLAN TO MAKE GOOD SHOWING

The Boy Scouts are working zealously to make a creditable showing at Detroit next Monday. Nearly every night drills are being held in spite of rain that they may make themselves thoroughly acquainted with the duties that may be placed upon them as body guard to President Taft during his brief visit to Detroit. Thursday evening under the direction of Scoutmaster Gordon they practised drill calls at the corner of Cross and Washington streets for about one hour and later came down to Pearl street where they spent another hour in the same way. Another meeting will be held this evening in front of the Washtenaw Light and Power Company's office. There the boys will be given added drill in becoming acquainted with the commands and in obeying instantly.

On Saturday afternoon at one o'clock a similar drill will be given on the streets in the business section in order that the boys may become accustomed to having a crowd about them while drilling.

Scoutmaster Gordon states that on his recent trip to Detroit he observed that the Detroit scouts were especially well drilled in the work and much work on the part of the Ypsilanti scouts is necessary to make them proficient in their duties.

"BOOSTER" ENVELOPES.

We have been urging for some time the general use by everybody interested in pushing Ypsilanti the use in their correspondence and at all times of "booster" envelopes. The Press has gotten up one or two forms that tell a good many good things about our town and has used them in its own correspondence, as well as have a number of its friends. Several people have taken the trouble to tell us in correspondence that they were favorably impressed with our town because of our enterprise in talking about ourselves on our envelopes. The wide-spread use of such a form of advertising and its small cost and its being something that every citizen can immediately put into practice is a strong word to be said in its favor. The form we have put out is the least expensive of any which could be gotten up, and we are putting them out simply to advertise our town. We are not endeavoring to make money out of them.

Looking forward to the getting up of a different form, one in which some cuts could be effectively used, we recently communicated with a large envelope and lithographing company. In their reply they have the following to say: we trust those of our citizens who are still using government envelopes won't take offence at what this house has to say by way of comment, but will really take what is said as a good suggestion for using some other form of envelope:

"We have yours of the 17th inst. in reference to 'Booster' envelopes, and in reply will state that there is no way of using Government stamped envelopes with this proposition. These envelopes must be printed flat, before they are made up and folded and government envelopes can only be obtained in the envelope form, already folded.

"Your merchants must be a fine set if they support the government stamped envelope in preference to boosting your city. Government stamped envelopes benefit nobody but the contractor who makes them, located in Dayton, while these 'Booster' envelopes will help every merchant in your city, both directly and indirectly."

Regarding the envelope the Press has gotten out, this much may be said:

It starts with "Ypsilanti, Michigan," at the mast head, and after its little truthful talk about "our town," it concludes by photographing "Ypsilanti, Michigan," a second time on memory's film. As you turn this little type-talk over to see who's talking, you find "Ypsilanti, Michigan," right in the midst of things again, followed by a pyramid of facts well calculated to persuade the recipient that here of a truth is "an ideal city for a home."

The Press and a few friends have tried it out and are convinced of its advertising value for the city. We want to get every citizen and friend of the city to cooperate for the common good by the use of these envelopes regularly in their correspondence.

If we can, it will mean many thousand silent messages continuously and unobtrusively talking the merits of our town—the town where we live, or do our trading. And whether we live here, own property here or trade here we have a common interest in rightly advertising the merits of Ypsilanti.

If a manufacturer is attracted here by the "water and electric power possibilities":

If a distant farmer determines to enter this "agricultural area of acknowledged excellence and attractiveness" surrounding Ypsilanti in a constantly widening circle;

If another family moves here to educate their children;

If another student learns that here is "the leading Normal College in the middle west," the old established "clear Business College" and "a five-building public school service and equipment rarely equalled in a city of our size";

If some invalid learns that here, "pure artesian table water and the best of mineral waters are invaluable municipal assets";

If some captain of industry shrewdly discerns that here "churches, libraries, colleges and culture combine to create an inviting atmosphere where capital and labor contentedly and continuously cooperate with waiting water and electric power in creating wealth and permanent homes."

And all find here comparatively low taxes, low rents and high values in return, as they will.

Every merchant, every business man, every property owner in the city or the country which it serves, every taxpayer in the city or country surrounding it, every citizen of the city or of the country making this his market, and every resident of the city or the country will profit by these acquisitions, and by the indirect advertising value of this telling, far and wide, the truth about ourselves.

Will you join in this inexpensive

cooperating campaign to promote the interests of "our community?"

WILL WED IN BOMBAY

Medical Missionaries, U. of M. Graduates, Figure in Romance.

Ann Arbor, Mich., Sept. 14.—Dr. Arthur Bennett, '94, medic, of Glens Falls, N. Y., and Dr. Christine Iverson, '97c, medic, of Kalamazoo, Mich., will be married in Bombay, India, Sept. 25. Though Dr. Iverson was a freshman at the University of Michigan when Dr. Bennett was a senior, it was not until both were stationed as medical missionaries in India that they met.

Dr. Bennett has been in this country on a year's furlough and upon his return will be married to Dr. Iverson, who will go as far as Bombay to meet him. Dr. Bennett sailed from New York Aug. 21.

"NOT REMOVING ANYBODY"

Just Filling Vacancies, Says Governor Osborn of Recent Appointments.

Cadillac, Mich., Sept. 14.—Speaking of the rumormongers who have kicked up in Lansing over the removal of some state officials and the appointment of some others, Governor Osborn, who was here, said:

"The men who are disturbed over my recent appointments do not distinguish between the removal of some state officials and the mere expiration of their terms. I am not removing men from office. Their terms have expired and I am merely filling the vacancies. Naturally, I want men in office who will work best for the interests of the state, and I am naming such men."

FAVORS CHANGE IN LAW

Cahoon Bar Would Put Judge's Charge Before Arguments.

Marshall, Mich., Sept. 15.—The Cahoon County Bar Association has appointed a committee to draft a law requiring judges of courts of record to charge juries in criminal cases before the closing arguments are made. It is planned to have the bill presented at the next regular session of the legislature.

Judge North of the circuit court has made a new rule for his court which prohibits all persons except defendants and their attorneys from being inside the bar rail during the progress of a trial.

FALLS FROM BOAT; DROWNS

South Frankfort Man Sinks with Help Near at Hand.

Frankfort, Mich., Sept. 15.—Richard Hanson, aged twenty-five, was drowned by falling overboard from the gasoline fishing launch of Christian Thompson of South Frankfort, between Frankfort and Waterville, about four miles from here.

The body sank in deep water before the boat could be stopped or those on board could render any assistance, and up to a late hour had not been recovered.

Woman Badly Hurt in Runaway.

Eaton Rapids, Mich., Sept. 15.—While returning to their home from this city Mr. and Mrs. Fred Kelley, of Eaton Rapids township, were thrown from their buggy when their team became frightened at a traction engine and ran away. Mrs. Kelley was terribly injured, her left leg and right arm being broken and her left shoulder dislocated, in addition to internal injuries. Mr. Kelley escaped with bad bruises.

Has Appointment at U. of M.

Ann Arbor, Mich., Sept. 14.—Edgar M. Durfee of Detroit, son of Probate Judge Durfee, has been appointed assistant professor in the law department of the U. of M. He will assume part of the duties laid down by Professor Bradley M. Thompson, whose resignation from the law faculty, after over a quarter of a century of service, takes effect Oct. 1.

Port Huron Boy Gored by Bull.

Port Huron, Mich., Sept. 15.—Gored by a maddened bull while he was crossing a vacant lot, Willie Panzenbagen, of this city, is lying at his home in a serious condition. His leg was badly mangled and it was necessary to hurry him to a physician, where his wounds were dressed. The lad will recover unless blood poisoning sets in.

Saline, Sept. 15.—Fred Gross of Freedom died Wednesday night about 10 o'clock. He had been in poor health all summer but not considered dangerously ill until about three weeks ago. He was 71 years old and had been a resident of Freedom nearly all his life. Ten children survive, Samuel, Albert and Elmer of Freedom; Emmanuel, Harry and Pauline, of Ann Arbor; Mrs. Oscar Wheeler, Walter and Fred, of Saline, and Mrs. Lydia Stierle, of Lima township.

Mr. and Mrs. B. P. Davenport left the first of the week for the northern part of the state. They will visit in Traverse City, Charlevoix and the Beaver Islands, returning home the first of next month.

John Bodmer left Wednesday for Utah with a carload of sheep. He will be gone several weeks.

Mrs. William Derendinger is spending a week with her sister in De-

troit. Mr. and Mrs. Sela Fitzgerald spent Wednesday in Ann Arbor.

Rev. and Mrs. George McTaggart of Gregory spent Wednesday and Thursday with their parents, Mr. and Mrs. John Rowe. They were on their return from a three weeks' vacation spent in Canada.

The Farmers' Club gave a linen shower Tuesday evening at the home of Mr. and Mrs. Charles Miller for Miss Fredericka Josenhans, who is soon to marry Oscar McBride of Dundee.

Mr. and Mrs. George Towler spent Tuesday and Wednesday with friends in Manchester.

Mrs. State of Ann Arbor is the guest of Mrs. K. B. Simmons for a few days. Charles Miller was a Jackson business visitor Wednesday.

The Ladies' Aid society of the M. E. church met Thursday afternoon with Mrs. Ira Wood of South Saline.

Mr. and Mrs. A. F. Clark and daughters, Ella and Ada, were in Ann Arbor Wednesday to attend the wedding of Miss Helen Szweczy, a former Saline girl.

Ernest Monroe was a Tecumseh visitor Thursday.

Miss Bernice Barr gave a shower for Miss Lillian Stang Thursday evening.

Mr. and Mrs. Thomas Ross spent Wednesday in Ypsilanti.

William French is seriously ill.

South Ypsilanti, Sept. 15.—Mr. and Mrs. Seleska spent the week-end in Hillsdale, the guests of her sister.

Miss Minnie Bassett, pastor of Friends' church of Adrian, and Miss Thomas were guests of Mr. and Mrs. W. M. Derbyshire Tuesday and Wednesday.

Mr. and Mrs. Hartna Smith of Dundee are guests of Mr. and Mrs. Grant Douglass.

John Hewens and family and Mrs. Ida Groves were entertained at the home of Mr. and Mrs. Jesse Hewens, Sunday.

The Ladies' quartette of Cleveland Bible school was greatly appreciated. The singing of the beautiful hymns was a blessing to all who came to hear them.

Orley Smith is spending a few days with his parents, Mr. and Mrs. Alfred Smith.

Mr. and Mrs. Edgar Wollam were called home on account of the serious illness of his father.

Martinsville, Sept. 15.—Mrs. John Dicks passed away last Friday morning after several days of suffering. The funeral was held Sunday at the Wesleyan church of which she was a member. The interment was in Martinsville cemetery. She left a baby daughter one week old.

Mr. and Mrs. Sasney entertained Detroit visitors last Sunday.

The Rev. Mr. Grant of Detroit held services at the Elwell school house last Sunday. Subject: "The Resurrection." He is a strong speaker.

Bert Sheldon and George Coats of Detroit were visitors at Theodore Sheldon's last Sunday.

GOOD STOMACH?

Keep a Box of MI-O-NA in Your House and You'll Always Have One. Some people eat too much, some drink too much, and hundreds of thousands of men smoke too much—especially in the evening.

Use discretion if you can, but if you can't, use wisdom. Take two MI-O-NA stomach tablets before you go to bed and you'll awake minus a headache in the morning.

MI-O-NA stomach tablets are guaranteed to end indigestion acute or chronic; to promptly banish gas, heartburn, sour risings, etc. They are the best remedy for dizziness, biliousness, nervousness, headache, constipation, vomiting of pregnancy, car or sea sickness, foul breath, night sweats, bad dreams, coated tongue, languid feeling.

And a box only costs 50 cents at Duane Spaulsby's and druggists everywhere.

Sunday Excursion

They wear and wear, those Intervoven Sox. Sullivan-Cook Co.

For dependable Gents' and Children's furnishings you are always safe at the Sullivan-Cook store.

Will Rounsifer is working in Belleville this week tending mason for Delbert Farr.

J. D. Palmer, rural mail carrier of this place, is getting ready to move to Belleville. He lives on his farm ummers and in Belleville in the winter.

Quite a severe electric storm but of short duration passed over this place Monday night. It was accompanied with considerable wind. Not much damage was done, however.

School commenced here Monday morning with Miss Jessie Bradshaw of Belleville as teacher. She taught here the last term also, so it is quite evident that she gives good-satisfaction.

Mr. and Mrs. Fred Borrisch were callers of Mrs. Pepke last Sunday.

Mrs. Graves and baby, Cecil, caller on Mrs. Wm. Rounsifer last Sunday.

Miss Inez Smith of this place graduated from the eighth grade last June and is now attending school at Belleville.

OSLER RIGHT; YOUTH SUCCEEDS AGE

GRAY HAIR IS FIRST SIGN OF AGE—HARMLESS REMEDY RESTORES TO NATURAL COLOR.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cent a bottle, and is recommended and sold by all druggists. Special agent, Weinmann-Matthews Co., 118 Congress street.

Come around and say 'Hello' to me at the State Fair

I am going to be out at the State Fair all week and every minute I will keep open house for the business men from the country.

I want you to come around and talk automobile with me.

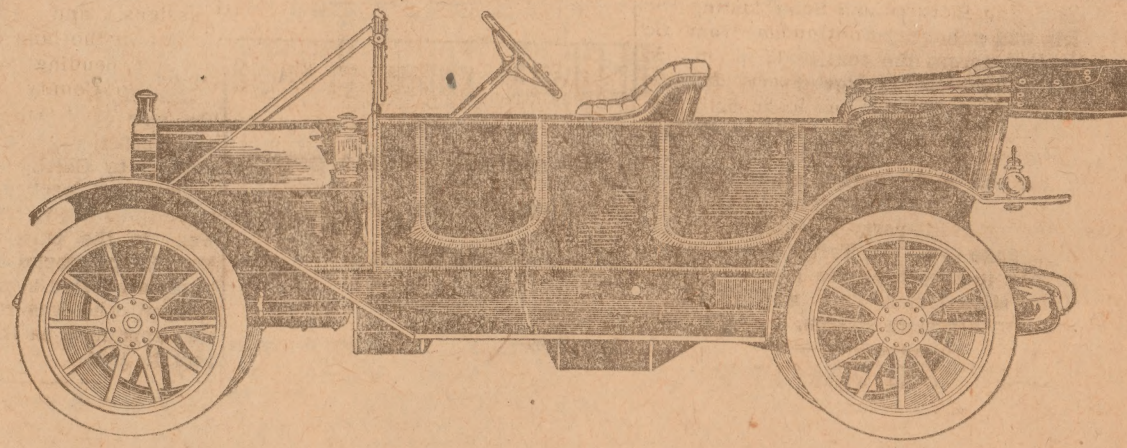

I will have a complete line of the excellent Cartercars with me and will gladly explain all their good features to you. It will do you good to get acquainted with the Cartercar, and you will then understand how logical it is slogan, "The Car Ahead."

You will clearly see why they are the very best cars for farmers and all other people.

Cartercars are designed and constructed for the men who want the highest quality at a fair price. They are not the "cheaper than walking" cars—neither are they for "millionaire clubs" only. Cartercars are practical cars for practical men—and such men have long appreciated them.

For several years I have made close observation of the construction and the service given by the Cartercar Friction Transmission and I am firmly convinced that it is the only transmission that is suited absolutely to the needs of the farmer.

This transmission makes the Cartercar EXTREMELY EASY TO CONTROL. The driver has any number of speeds always at his command, easily and noiselessly controlled by one lever. This adapts the car especially

to hilly and sandy country roads, for there is always a sure, steady pull which will take you through.

The friction transmission has no gears—the power being transferred by means of a friction disc and wheel. Their relative positions govern the speed of the car either forward or reverse. There is no clutch to slip—no gears to strip—and no bevel gears to howl. I know that you will enjoy these features greatly when you are driving over a quiet country road.

The Cartercar requires but little attention. The driving unit is as nearly perfect as can be. The transmission is so simple and strong that it cannot get out of order and the chain-in-oil drive will run for years without any attention except oiling annually. The chain case is oil tight, keeping out all sand and grit, thus eliminating almost all wear on the chain.

There are no jars or jerks for the occupants of the Cartercar. The driver can stop the

car—start it—change the speed from the highest to the lowest—or even reverse it without the occupants feeling the change.

In all kinds of tests, the hardest that could be imagined, the Cartercar has proven its worth and ability.

The Cartercar rolls along swiftly and noiselessly, brushing everything on the pike. It will take a 50% grade handily, and on account of the strong brakes is perfectly safe coming down the other side.

In addition to the strong hub brakes the driver has at all times the friction reverse. The car can be stopped very quickly, making it extremely safe for anyone to drive. My wife and eight-year-old son drive our Cartercar all around Detroit and out into the country, and they enjoy it fully as much as I do.

I know several men who bought some of the first cars we made six and seven years ago and THEY ARE STILL DRIVING THEM!

I am expecting to see you. Come around and shake hands with me whether you are thinking of buying a car or not. Maybe I can tell you some interesting things about automobiles—anyway it will be worth while to see this powerful, simple automobile.

Geo. Reason, Manager Detroit Branch

Fishermen's Superstition.

To mention the word "rabbits" on board a Cornish fishing smack arouses the ire of the crew. Should the hated word be uttered as the boat is leaving the harbor on a plich and expedition, the speaker would stand a fair chance of being hurled overboard. The mere mention of "rabbits" destroys all chances of a "catch."—London Mail.

Wisdom's Real Object.

Wisdom does not show itself so much in precept as in life—in a firmness of mind and mastery of appetite. It teaches us to do, as well as to talk; and to make our actions and words all of a color.—Seneca.

The Optimist's Corner

Daily Helps to Health and Happiness
By GEORGE F. BUTLER, A. M., M. D.

Many people marvel why they suffer so frequently with cold in the head. The matter has puzzled even the omniscient doctor, and his only explanation was that some persons were constitutionally inclined that way.

Investigation shows, however, that it is all due to the hands. No matter how warmly you clothe the rest of the body, you readily catch cold if you leave the hands exposed.

The reason is very simple, after all. Of course, everyone knows that the blood and vessels contribute a sort of hot-water warming apparatus for the body. As the hands are more exposed than other parts, they receive a more liberal supply of the heating fluid. But this blood is immediately chilled, and returned in an icy state to the lungs. Here it sets up inflammation, with the natural consequences of congestion, which is commonly called cold. If you take care to wear gloves on any day that is rather chilly it is astonishing what a lot of colds you will ward off.

THE NORMAL TRAINING SCHOOL

The First Eight Grades of the Normal Training School and the Kindergartens in the Normal, Prospect and Woodruff Schools Will Open For Work

MONDAY, SEPTEMBER 18th

High School Department
Opens Sept. 26

Program Postponed.

On Thursday afternoon a meeting of the Home Missionary society of the Methodist church was held at the home of Mrs. Phoebe Stark on Summit street. There were about 20 ladies present. As this was the last meeting before the conference a short business meeting was held. The regular program which was to have been given, was, on account of the absence of a number of members who were unable to be present on account of the rainy weather, postponed till the next regular meeting to be held the second Thursday in October at the home of Mrs. C. T. Allen. A five cent collection for the Loan and Library fund was taken. A collection was also taken which will go towards the apportionment of the national debt of the Home Missionary society.

Plan for the Future.

The Presbyterian Ladies' Aid society held a business meeting at the home of Mrs. DeForrest Ross Thursday afternoon. Despite the inclement weather there was a good attendance of members. The work of the coming year was discussed and plans for a number of future events. During the summer articles of clothing have been collected and prepared to send to a mission school in South Carolina. The barrels are now about filled and will be shipped in the near future. Plans were made at this meeting to serve a supper in December and to hold a home baked sale in the near future. The next meeting of the society will be held the first Thursday in October.

Thirty-five at Grange Meeting.

On Thursday afternoon a meeting of the Stony Creek Grange was held at the parsonage and there was an attendance of thirty-five ladies. The committee who had the meeting in charge consisted of Mrs. Henry Colby, Mrs. Arthur Coe, Mrs. Marion Merritt, Mrs. Jesse Hewens, Mrs. F. Horner and daughter, Stella. One of the interesting features of the short program which followed the dinner was an entertaining account of a trip through New York which was presented by Mrs. Reid Darling. General plans for the fall work were discussed and indications point to a very busy year.

Entertains at Cards.

Mrs. Julia Carpenter very pleasantly entertained a company of friends at cards Thursday afternoon at her home on Congress street. Six tables were in play, three at bridge and three at five hundred. The prize in bridge was won by Mrs. Ned Horner and that for five hundred by Mrs. Clara VanFossen. A dainty two-course luncheon was served at the close of the games.

The house was prettily decorated with pink and white asters.

Pleasant Bridge Party.

Miss Ethel Clarke entertained a small company of friends at bridge Thursday afternoon at her home at 111 North Adams street in honor of her guest, Miss Hildegarde Grawn, of Mt. Pleasant. Three tables were in play. Refreshments were served after the games. Those present from out of the city were Mrs. Grant Fritz, of Greensboro, North Carolina, Miss Irene Mogford of Detroit, and Miss Batwell of Detroit.

U and I Members Meet.

A pleasant meeting of the U and I Helping Hand society was held Wednesday afternoon at the home of Mrs. Henry Perkins on River street. Three tables of cards were in play. The prizes were won by Mrs. Wilbur Tuttle, first, Mrs. William Pratt, second, and Mrs. Byron Fosdick, third. The next meeting will be held in two weeks at the home of Mrs. Arthur Lamb at which time the society will tie comforters.

First Aid Meeting.

The Ladies' Aid society of the Congregational church held the first meeting of the fall season at the home of Mrs. Arthur Beach, Thursday afternoon. A good attendance of ladies was present. The work of the afternoon for the most part consisted of planning the fall work. The society planned to give an anniversary supper the first week in October. They also arranged to hold a rummage sale.

Society to Meet Tonight.

A meeting of the Anti-Tuberculosis society will be held this evening at the Ladies' Library building. It is expected that plans will be made at this meeting for a Tag Day to be held some time this fall probably in November. The annual reports will be presented and plans for the winter will be made at this meeting.

Dixboro Club to Meet Saturday.

A meeting of the Dixboro Literary club will be held Saturday at the home of Ralph Downer.

Mrs. Elmer Stark of Manchester is visiting Mrs. Phoebe Stark of Summit street.

Rev. H. L. Mount is attending the Michigan Conference near Kalamazoo this week.

Mrs. William Archibald of Chicago has been called to this city by the serious illness of her father, Amos Fowler of Chicago avenue. She will remain for some time.

Miss Hildegarde Grawn of Mt. Pleasant, formerly a resident of Ypsilanti is spending some time with Ypsilanti friends.

Mrs. N. B. Harding and Mrs. Charleion Partridge of Detroit who have been spending the past week with friends in Ypsilanti and vicinity returned home today.

Little Elizabeth Baker, daughter of Mr. and Mrs. Grant Baker of Chicago avenue who has been seriously ill with blood poisoning as a result of a mosquito bite a number of weeks ago, was able to walk to one of the neighbor's on Thursday for the first time. She has been ill for six weeks.

Mr. and Mrs. D. L. Quirk, Jr., will leave Sunday for Bay View, Michigan, where they will enjoy a short outing.

F. E. Quigley will go with a party of home-seekers to Pecos Valley, Tex., on Oct. 5. Mr. Quigley is the land and excursion agent for the K. C. U. & O. Ry., who are irrigating 25,000 acres of the finest land in the Southwest, and selling it at low rates on easy terms. Mr. Quigley will be glad to give particulars.

Mrs. W. J. Wallace and son, Oliver, were the guests the forepart of the week at the home of the former's parents, Mr. and Mrs. A. A. Ainsworth.

Miss Emma Childs will leave next week for New York City where she will attend Columbia College. She will study domestic science and art.

A. K. Wanless of Sarnia is expected in the city Saturday to spend the week end with his wife who is spending a few weeks here.

Born, Friday, Sept. 8, to Mr. and Mrs. Roy Dolby, a son.

Mr. and Mrs. Frank Fletcher attended the meeting of Pomona Grange near Mooreville, Tuesday. They made the trip in their auto.

Mrs. Carlos Childs, Mrs. Frances Burke and Miss Hazel Childs spent Wednesday with friends in Detroit.

Mrs. A. B. Dean and granddaughter of Detroit who have been spending the past week in the city guests of Mrs. Frank Fletcher, expect to return home Sunday.

Rev. Mr. Lester of Albion was a visitor at the home of Mr. and Mrs. Baling of Congress street Wednesday and Thursday.

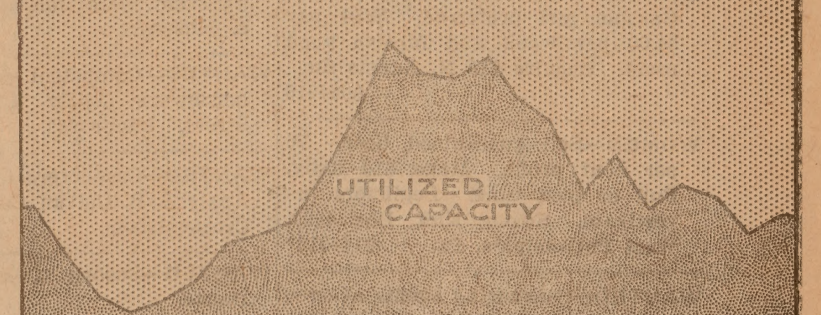

Miss Ruth Kloffenstein of Tecumseh who is attending the Cleary Business College left today for a few days' stay at her home.

Mrs. Ed. Russell and daughter, Maxine, of Detroit are spending a few days with the former's parents, Mr. and Mrs. Ed. C. Clark, of Congress street.

Trans-Atlantic Cable Business

Traffic Chart of Western Union, Anglo-American and Direct U. S. Cable Business, Showing Capacity of the Cables and the Proportion Now Utilized.

Proposed Modification of Existing Arrangements

A provisional modification of an arrangement which has been in effect for many years has been reached between the Western Union Telegraph Company, The Anglo-American Cable Company and the Direct U. S. Cable Company, under which the cable systems of these companies now worked exclusively in business connection with each other, but operated and maintained separately, will be operated in direct physical connection with each other and with the Western Union land system.

Two objects are to be attained by this arrangement:

First, more efficient and economical operation.

Second, the introduction of new forms of service to the advantage of the public.

The Trans-Atlantic Cable Situation and Competition

The trans-Atlantic cable situation is as follows:

The Mackay group of seven cables, including the German cables, owned by or worked in physical connection with the telegraph lines of that company form one system.

The French cables comprise an independent system, using both the Western Union and the Mackay land lines for their United States connection.

In competition with these is the Western Union group of cables, eight in all, owned by three separate companies, two of which are British companies owning five of the eight cables.

Two only of the British owned cables terminate in the United States and all of them are entirely dependent on the Western Union for their connection with any telegraph system, or for their reaching any center of business, and are now worked exclusively, so far as business is concerned, with the Western Union.

Efficiency Increased, Waste Prevented

The proposed arrangement between the Western Union, the Anglo-American and the Direct U. S. companies will bring the eight cables of the three companies under one operating control. The consequent increase in effectiveness and economy will place the Western Union in a position to offer certain advantages in cable service not now enjoyed by the public.

The other way open to enable the Western Union to make such improvements and introduce such new services as it proposes to do, would be to lay new cables. This would seem to be the height of folly. Duplication of the existing trans-Atlantic cable facilities at a cost of many millions, when there are more than ample facilities for all business, would put an unnecessary financial burden upon an already fully burdened business and would probably postpone the reduction of rates or introduction of new services.

Limited Business Hours and Idle Facilities

As at present carried on, the trans-Atlantic cable business is practically all flash service, i. e., instantaneous. Owing to the difference in time, there are only a few business hours of the day common to both sides and during these hours at least 75% of the cable business is done. This is demonstrated by the accompanying chart.

In the interests of international business nothing should be done to interfere in any way with the so-called flash or instantaneous service, and the lines should be kept clear to accommodate such messages during the few business hours common to both countries; but to continue to confine the cables to this class of service, as at present, will utilize only about 25% of the existing capacity of millions of property and places on that limited service all the capital, maintenance and operating charges.

The limited time and the character of the business, if best results are to be obtained, demand direct cable circuits between principal centers of the two sides of the Atlantic, as well as special circuits devoted to special business.

Efficient Service Requires Sufficient Facilities

To meet these requirements it is essential not only that there be at all times sufficient cable facilities, under one control, but that they should be operated interchangeably with each other and in close physical connection with land lines as one system. Ample spare facilities are necessary to provide against the very frequent cable interruptions.

Neither the Western Union nor any one of the companies of the Western Union group has independently of the others, facilities enough to handle the business which at times any one company might be called upon to take care of, because of some particular rush of business, or because of some cable interruption. Nor could any one company furnish all the direct circuits necessary for efficient service, although the combined facilities of these companies are ample if they could be used supplementarily to each other and interchangeably.

As it is, each company operates its own cables through separate and distinct offices and under separate and distinct management. All interchange of business is by actual transfer of the business from one company to the other, with the consequent delay and interruption of a service in which seconds are valuable.

Daily and Week-end Cable Letters

So soon as the proposed arrangement goes into effect, the Western Union proposes, with the consent of the British Post Office Department, to introduce at least two new features or services in addition to the proposed deferred rate—the

DAILY CABLE LETTER and the WEEK-END CABLE LETTER at a very low rate for cable service only. This will enable the public to save the six to eight days consumed in the trans-Atlantic passage of mails.

Monopoly of Cable Business Impossible

There is no cable monopoly possible. The three systems—the Western Union, the French and the Mackay—will continue to exist.

The Mackay Companies is a holding organization with no physical property, but exercising through stock ownership, lease or contract, operating control of various companies owning land lines and cables which make up the Mackay System. Through this control all the various properties are operated as one system to great advantage in service over what could be given by these same companies if operated separately.

The French cables form another system.

The Western Union System, under the proposed arrangement for one operating control over the present segregated units, will be enabled to make two distinct advances in the trans-Atlantic cable business:

1—BETTER SERVICE. This will be insured by more efficient and economical working resulting from single direction over the operations of both cables and land lines.

2—PUBLIC ADVANTAGES. The greater part of the cable capacity has been and is now unutilized. It will continue to lie dormant and unutilized under existing conditions and traditions. The Western Union proposes to make these wasted facilities useful to the public by means of new kinds of cable service.

In addition, the Western Union intends to nationalize its land lines by opening them to all trans-Atlantic cable companies.

THE WESTERN UNION TELEGRAPH COMPANY.
New York, Sept. 1st, 1911. Theo. N. Vail, President.

You Buy Direct From the Manufacturer at a Big Saving in Price When You Buy the

Grinnell Bros. Own Make Piano

Our customers often wonder how we can sell at the price a Piano that in Tone, Action, Finish and Durability is fully the equal, and in many cases the superior, of Pianos selling at \$100 or \$150 more. The explanation is found in the following facts:

Every purchaser of a GRINNELL BROS. (own make) PIANO buys direct from us, paying but one profit—the manufacturers'—and our business is so immense that we are satisfied with a very small margin on each Piano sold.

The high salaries and big expense accounts of traveling salesmen to call on dealers is saved since we sell only through our own stores—the tremendous expenses of magazine advertising is wholly eliminated—we save on freight; transportation from Detroit to any other point in Michigan is less than from New York, Boston, Chicago, etc. In these and numerous other ways we keep down the cost of our GRINNELL BROS. (own make) PIANO—and our customers reap the benefit.

Every dollar paid for one of our Pianos represents one hundred cents worth of quality—comparison will prove that it is the best Piano investment you could make. Catalogs and Endorsements, postpaid.

School Time Is Furniture Time

Furnish Your Rooms With the Few New Pieces Needed Before Winter Is Here and Before the Students Arrive.

Chairs

In order to promptly meet the usual fall demand for chairs in students' rooms as well as in other rooms of the house to make it comfortable for the winter season, we have laid in a large shipment and shall be pleased to show them to all customers without obligation. Our line is complete. It comprises chairs of every description from the smallest chair for baby to the beautiful Turkish rocker for father. And on every chair in our store we invite comparison of prices. Our prices are right.

Tables

There is scarcely a household article more essential than a good table in nearly every room in the house and especially in Students' rooms. You can only appreciate our line of tables by seeing them. Our stock affords a splendid assortment and not only have we various styles of tables for students but an excellent showing of new tables for the Library, Living Room, and Parlor. Our dining room tables are unsurpassed in quality of workmanship, style and convenience. It would please us to show you.

And Don't Overlook the Fact That We are Headquarters for Desks, Bookcases, Cots, Beds and all Kinds of the Best Bedding as Well as for the Famous SELLERS' KITCHEN CABINET

We handle the famous SELLERS' KITCHEN CABINETS. They go fast and the very fact that we sell so many of these excellent cabinets accounts for the exceptionally low price at which we are enabled to offer them.

The SELLERS' KITCHEN CABINETS are sanitary in every respect. They are 8 feet high, 45 inches long and all enameled inside. There are shelves in the top part and for mixing and general cooking conveniences these cabinets are fitted with a perfectly sanitary sliding nickeloid top. There are no wooden side pieces on this top to gather the dust and dirt. It is all nickeloid and insures perfect cleanliness in your cooking. One of these cabinets means happiness in your household. They are on display in our store and we invite you to call in and learn more about them.

Carpets, Rugs & Draperies An Epochal Event of Real Integrity and Real Stamina

That it is a wonderful event without an equal has been proved by two weeks of amazing distribution which has actually surpassed our fondest hopes.

As a mere boast this statement is of no value to the public; but it is of interest to the householder who is about to purchase her furniture for the Fall season, in so much as it indicates which way the wind blows, so to speak.

It shows that we are "delivering the goods," that we are making good.

It shows that the people who are attracted to our store by our ads find our claims to be true to the letter.

It shows that this Sale is, as we say it is,

The Greatest Sale Of Furniture Ever Held In Washtenaw County

It's a Sale for everybody. It took a small forrest to make up this wonderful collection in which we aimed to anticipate the needs of everybody. The furniture in this Sale is intended to go into the home that is "ever so humble" as well as into the palatial mansion. No matter how little or how much you wish to pay, in our extensive stock you are sure to find exactly what you want.

Don't Be Misled By Mere Price Tags

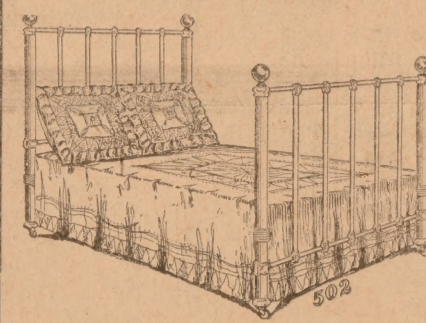

There is nothing so deluding in furniture buying as price tags. The price itself is of no value. It's the furniture behind the price that counts. We want you to compare our furniture with that of others at the respective prices. Note the superior quality of the materials used in ours; it's excellent workmanship, it's artistic beauty---and then note that it costs no more, and in many cases even less than the other kind.

FURNITURE FOR STUDENT'S ROOMS

SO TREMENDOUS WAS THE SELLING OF STUDENTS' FURNITURE FROM THE FIRST THAT WE WERE SOON COMPELLED TO ORDER ANOTHER CARLOAD. THIS HAS ARRIVED AND OWNERS OF ROOMING HOUSES CAN NOW CHOOSE FROM A VAST ASSORTMENT WHEREIN THEY ARE SURE TO FIND THE BEST VALUES OBTAINABLE.

PLEASE NOTE: We deliver at your home all purchases of Furniture, Rugs & Draperies

DEATH INTO RAIN BARREL

Grand Rapids, Mich., Sept. 15.—Mrs. Anna Cahill attempted to take her own life by diving three times into a rain barrel. Ever since her husband left her three weeks ago, Mrs. Cahill has not been in full possession of her senses. She dived from the back porch of the house where she had been staying into the rain barrel.

At her first attempt she struck against the side of the barrel and the pain caused her to withdraw her head from the water. The second attempt resulted in a deep gash in her nose, a bruise and a cut in her hand. Again she raised herself from the barrel and the third time struck her hip, fracturing it. Then she gave up the attempt. She is now in the detention hospital.

An Anti-Suicide Fence.

One of the strangest fences on record is that which the common council of Yonkers, N. Y., has just ordered built. It will be a fence to keep suicides away.

Several times in recent years despondent persons have shuffled off the mortal coil by leaping into the Fort Field reservoir, one of the reservoirs supplying Yonkers with water. Some times the bodies have been recovered quickly, but on a few occasions the corpses were in the water for a day or so. The loss of water in draining the reservoir is a big item and is especially to be guarded against since the city found it necessary to husband every drop of its supply. So the council has appropriated \$4,000 to build a wire netting fence around the reservoir. When it is completed any one on suicide bent will find a barrier nine feet high between him and eternity.

For Aged People

Old Folks Should be Careful in Their
Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies. Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence, or other disagreeable effect. Price, 50c, 25c and 10c. Sold only at our store—The Rexall Store—Weinmann-Matthews Co., 118 Congress street.

RELEASED ON BAIL.

Henry Miller, charged with arson has been released on bail from J. A. Geraghty, whose barn was the one burned.

YPSILANTI GRANGE WILL HOLD MEETING AT MASONIC TEMPLE

A meeting of the Ypsilanti Grange will be held Saturday afternoon, Sept. 16, at 1:30 o'clock at the Masonic Temple. The subject which will be taken for discussion will be "Who gets the consumer's dollar?" Those taking up the question are J. H. Murray, C. Thum and A. Martin. A drill in grange ritual will be conducted by N. C. Carpenter. Responses to roll call will be quotations from the ritual. The music will be in charge of the Knaggs quartette.

PROMINENT FARMER OF FREEDOM TOWNSHIP DIED WEDNESDAY

The death of Frederick Gross, a prominent farmer of Freedom township occurred Wednesday evening at his home after a lingering illness. He was 70 years old and had lived in this vicinity over 60 years. He was born in Germany in 1841 and came to this country with his parents when he was only three years old. For several years Mr. Gross held the offices of treasurer and justice of the peace of Freedom township. He is survived by three daughters and seven sons, Mrs. O. C. Wheeler and Fred Gross of Saline; Mrs. Jacob Stierle of Lima; Miss Pauline Gross and Emanuel and Harry of Ann Arbor, and Samuel, Albert and Elmer who live at home.

WATER WAGON HOLDS D. J. & C. CARS NEAR DEARBORN SWITCH

The D. J. & C. cars leaving Detroit about 4:30 were delayed about one hour Thursday evening by a water wagon which was across the tracks near Dearborn. The wagon was used by the soldiers who are camping there to carry fresh water to their camp. The wagon which was being drawn by two mules got stuck when half way across the road and the mules were unable to pull it out. The cars both ways were held up about one hour till horses could be secured and the wagon removed. The car tracks at this point take up a large part of the paved road leaving a small margin for teams.

Don't Go Away From Home

To be cured of Rheumatism see called Mineral Springs and Baking yourself to death is unnecessary. BECKERSON'S RHEUMATISM REMEDY will cure you of SCIATICA, INFLAMMATORY and MUSCULAR RHEUMATISM, and will also correct all KIDNEY DISORDERS. Read what one of many sufferers has to say about BECKERSON'S RHEUMATISM REMEDY:

Detroit, Mich., June 16, 1902.
Dear Sir—I have been a sufferer of rheumatism for fifteen years, not able to help myself in any way at all. I have spent a small fortune on doctors and they told me nothing could do me any good, but I can say that one bottle of your medicine has cured me, as I feel no pain of any kind now at all, and I will highly recommend your medicine to anyone I see with rheumatism.
Yours truly,
H. S. WISSINGER,
181 Eighteenth St. Detroit, Mich.

E. W. Boyd

BAR ASSOCIATION APPOINTS COMMITTEE TO DRAFT NEW LAWS

Marshall, Mich., September 15.—The Calhoun County Bar association has appointed a committee to draft a law requiring judges of courts of record to charge juries in criminal cases before the closing arguments are made. It is planned to have the bill presented at the next regular session of the legislature.

Judge North of the circuit court has made a new rule for his court which prohibits all persons except defendants and their attorneys from being inside the bar rail during the progress of a trial.

CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

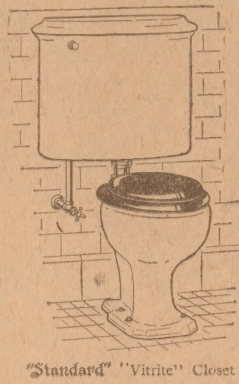

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

About Your Plumbing

It is important that every plumbing fixture you install shall be of proven sanitary worth. Your closet combination particularly should be efficient in the highest degree.

Do you appreciate the importance of having your plumbing done right? "Standard" plumbing fixtures and our workmanship insure plumbing perfection.

O. A. HANKINSON

Copyright Hart Schaffner & Marx

EVERY man in town who wants to be as well dressed as possible ought to take an early opportunity to look over our big opening display of fine suits and overcoats fresh from the tailoring shops of Hart Schaffner & Marx.

You don't see any clothes better than these; there are none better. Every fabric used in making these clothes is absolutely all-wool; the tailoring is the kind you want, and may not always get in other clothes; the styles are always correct; Hart, Schaffner & Marx are style creators, not merely imitators. When you wear such clothes you know you're correctly dressed, well-dressed.

We'll take a good deal of pleasure in showing you these clothes; we'll enjoy doing it even if you just look at them without buying. We know you can't look at them without wanting to buy, at least.

Suits \$18 and up Overcoats \$16.50 and up

The new colors this Fall are grays, browns, blues, blue-grays; we have the Shape-maker, Varsity, and the new English model, in suits. You'll like the new patterns. Come in and get an early choice.

We also carry a large assortment of very good and satisfactory clothing made by EDERHEIMER, STEIN & CO., J. CAPPS & SONS and SAM'L ROSENTHAL. These range in prices from \$10 to \$15.

Boys' School clothes

The Finest School Clothes, any boy ever wore. All the new style effects—in all the popular models and newest fabrics. COME AND SEE THEM.
